Dear Parents and Carers,

As part of our ongoing commitment to providing the very best educational experience for our pupils, we are beginning the process of shaping our **School Development Plan for the next three years**. This plan will outline our priorities, guide our decision-making, and help ensure that our school continues to grow, improve, and reflect the needs of our whole community. To support this work, we are collecting a wide range of views from across the school. **Your perspective as parents and carers is an essential part of this process**. The information you share with us will help shape the direction of the school, support our long-term planning, and allow us to **revisit and strengthen our core values**.

We would be grateful if you could take a few moments to complete our short questionnaire, which can be accessed using the link below:

**Parent Survey:** <https://forms.gle/xJLNJcAfSPXwAy7L6>

Alongside parent feedback, pupils, teachers and our community partners will also be asked a series of questions, helping us build a balanced and meaningful picture of our school community. By working together and gathering a range of voices, we can create a development plan that is purposeful, ambitious, and reflective of everyone it serves.

Thank you in advance for your time and continued support.

Yours sincerely,

**Mrs Rita Mullan**
