13<sup>th</sup> April 2026

Dear Parent/Carer,

Formal examinations for our KS3 pupils will run from Wednesday 20<sup>th</sup> May – Friday 29<sup>th</sup> May. During this time, 2 study days will be allocated to each year group to encourage students to engage in independent study and revision activities. Pupil learning will be assessed in all subjects and a summative report will be completed and sent to parents in June.

Pupils have been provided with a revision booklet this week which outlines how to study and the topics to be covered in the majority of their subjects. In the coming weeks, subject teachers will ensure that students have the necessary revision materials to support their learning and revision. Each year group will also have a study skills session led by Mrs Thompson the Senior teacher for Learning and Teaching which will help students understand how to use key revision techniques to help them prepare for their upcoming examinations.

During the examination period, pupil progress in English (PTE) and maths (PTM) will be assessed through a standardised digital testing format. This data will be used to inform planning, assessment and intervention activities for pupils. No preparation is required for these specific tests.

We will endeavour to ensure that Access Arrangements (AA) are in place for every child entitled to them; this helps pupils feel confident about the examination process. Access Arrangements are key to examination success for many of our students. As our school has grown, so too has the challenge of meeting these needs.

If you have any questions or concerns, please do not hesitate to get in touch. We wish our students every success in their forthcoming assessments. Examination timetables will be distributed in the next few weeks. Thank you for your ongoing support and if you require anything throughout this process, do not hesitate to get in touch.

Kind regards,

Mrs L Loughery  
Vice Principal
